

access training

Success starts with Access...

Congratulations to Joseph Ballesteros who has completed his NVQ Level 3 in Health & Social Care! Joseph works in a home for individuals with learning difficulties in Derby.

Joseph Ballesteros

“I thought that the course would be very long and hard but with the help of my assessor Sacha Lee and the support she has given me, I didn't realise that the course would be finished quite so quickly. I am very glad that I did my award with Access Training as they have taken good care of me throughout the whole course. I would recommend Access Training to all of my friends because of the good quality of service they have provided “

Joseph has worked really well throughout the award. He has been dedicated and enthusiastic despite a little apprehensive at the start. Joseph was is no immediate hurry to complete, but with the work he produced and the evidence gained from observations, we managed to cover the evidence easily and therefore complete his award in half the expected time!
