

access training

Success starts with Access...

Lucy works at Vicar Water Day Nursery and has worked there since July 2008. Lucy has experience of working with children of different ages and stages of development and now works within the baby room.

Lucy started on a Level 2 Apprenticeship in Childrens Care, Learning & Development and secured the placement to continue onto the Level 3 Advanced Apprenticeship programme.

Lucy has more involvement with the Early Years Foundation Stage (EYFS) planning and the development of the babies. She contributes to this by carrying out observations and completing assessments and play plans. Lucy works alongside her room supervisor with completing weekly planning for the EYFS.

"I have had a really good experience and learnt a lot through this qualification. I want to go further into childcare and look at either teaching or working within the NHS."

"Lucy is demonstrating a deeper knowledge and understanding of childcare and has matured into a good nursery practitioner. Keep up the good work Lucy, you are nearly there!" - **Says: Nicky Mundry Training Assessor**

Lucy attended the Nottinghamshire Training Networks Graduation Ceremony at the East Midlands Conference Centre, where she was awarded for her hard work and achievement in completing her Advanced Apprenticeship.

Lucy was also nominated for Learner of the Year 2011 at Access Trainings STAR Awards in May 2011.
