

access training

Success starts with Access...

Shelley Clipson has achieved her Health and Social Care NVQ Level 3, three months ahead of the programmes expected end date. Shelley works in a hostel for the homeless in Derby which is a varied and challenging role as a night support worker.

"I have really enjoyed completing my NVQ with Access Training. I was surprised at how much I really knew! It has been a great experience and very flexible to my shift work, despite me working nights. Thanks to Sacha my Assessor I have achieved my award much quicker than I thought I would."

Shelley started the award nervous and unsure whether she would be able to manage the course work. As time went on Shelley proved that she indeed had a great deal of knowledge and we were able to gain the evidence required quickly and fully.

Shelley quickly became comfortable and grew in confidence with the work set and was amazed at the rate in which she had completed the award. **Well Done!**
