

access training

Success starts with Access...

Paul Dunhill, a pupil from the Beech Hill Special School in Mansfield, attended the Animal Care course run by Access Training at The Manor School finishing in May 2010. The course took place every Tuesday in the barn on the school site in Mansfield Woodhouse.

His TA from the school told us “Paul has really enjoyed the course. I feel getting him out of school has really benefitted him socially and helped him with his communication skills. I would recommend Access Training and will be suggesting Paul go on to Level 2 through school if possible. The course was directed at the right level for the students and was taught at the right speed to ensure learning and understanding.”

Paul said that he had learned about the “five freedoms” involved in the care of animals, how to receive a delivery of animal feeds, how to do a health check and the importance of diet. He really enjoyed meeting new people on the course.

He is pictured below receiving his NVQ Level 1 in Animal Care from Ian Saunders, Assistant Head of The Manor School.

Want to get into training? Speak to one of our staff while you're here, call us on 0115 9587257 or visit our website at www.atem.co.uk
