

access training

Success starts with Access...

Congratulations to Dorinda who has completed her NVQ level 3 in Children's Care, Learning & Development 3 months before her expected end date!

Dorinda Hicklenbottom

"I was able to work at my own place and I didn't feel pressured. I really liked the fact that it was done in my own home and I didn't have to attend college. Helen has supported me with my work and been very helpful explaining questions and helped me to understand how to do child observations and how to use them in my setting to meet individual children's needs"

Helen Musgrove—Trainer Assessor:

"She was very pleased with her progress and has worked hard to complete early because she is due to become a first time Grandma and wants to devote all of her spare time to the baby"
