

access training

Success starts with Access...

Maria Kunica has achieved her Health and Social Care NVQ Level 3 well ahead of the programmes expected end date. Maria works in a hostel for the homeless in Derby which is a varied and challenging role as a support worker.

“When I first started my NVQ I was a little worried about how much time it would take me and how I would fit it in with my job role. However, my tutor Sacha Lee has been encouraging all the way through the course and given me all the support I have needed to complete my award”

Maria did struggle at times with completing the paperwork however this was due to Maria being very involved with the service users organising football training and matches and outside voluntary work within another area of the care sector.

Maria is very dedicated to her job role and the service users in her care. This shone through in both her knowledge and practice.

Want to get into training? Speak to one our staff while you're here, call us on 0115 9587257 or visit our website at www.atem.co.uk
