

access training

Success starts with Access...

Sophie started with us on a Programme Led Apprenticeship. She quickly progressed onto an employed apprenticeship in a trainee position at Nottingham RSPCA. She was an excellent learner and always had the work set by her Trainer Assessor ready and waiting.

“I feel Access has helped me to get where I am today. Want to say a huge thank you to Sally and Jackie for helping me through my NVQ in Animal Care. I now have the job I always wanted”

Despite some problems later on that meant Sophie fell nearly 50% behind, she turned this around and completed her NVQ within the allocated time scale.

Once her course was drawing to an end, Sophie applied for an Animal Care Assistant position at the RSPCA. Competition was very high with over 12 Applicants, one being a veterinary nurse. After attending an interview, Sophie was offered the job and accepted with great excitement. She is now enjoying full time work at the RSPCA in the new cattery.

Well done Sophie.
