

access training

Success starts with Access...

Violeta is from Bulgaria and works at a residential home in Nottingham. At the start of the programme it was very difficult to communicate with Violeta due to the language barrier. Violeta attended an English Language course which made it easier to be understood.

Violeta Mandjukova

“Each person has a hope or dream, mine was to come and work in England and work in Care. I arrived from Bulgaria Dec 2007. Now within my job I have a much clearer understanding my role because of completing this course.

The opportunity was great with Access Training, especially working on site to achieved my NVQ 2, this has helped my role as a carer and maybe my next goal will be NVQ 3.

I enjoy my duties and love working in this sector.

Thank you Sacha, my Assessor at Access Training and also for the support my Manager has given me. ”

Sacha Lee—Trainer Assessor:

“Violeta is a very capable and efficient lady but she continued to have problems in achieving the written work. To overcome this barrier I translated all the written work into Bulgarian. This enabled Violeta to understand what was being asked and she was then able to produce good written work. Violeta has now completed her NVQ 2 in Health and Social Care. **Congratulations!**”
