NHS Apprenticeships

Success starts with Access...

In July 2009 a group of learners were put through an X factor style interview process for an apprenticeship place with Access Training and the NHS.

After a rigorous 2 week induction 7 lucky learners were accepted and offered a level 2 apprenticeship within Sure Start Centres and Health Centres around the Nottingham area.

The variety of experiences and opportunities available to them all ensured they gained a wealth of knowledge and extended their learning within Childcare.

Some of these experiences were: Baby massage classes, drop in Health clinics, supporting the School Nurses with hearing and vision tests, a variety of stay and play crèche sessions and toy library events and many more.

The 7 lucky learners were; Sophie Price, Lucy Davis, Hemalee Jani and Kirsty Rhodes, Zoe Larcombe, Becky Smith and Lili March.

All of the lucky 7 have gone on to achieve and progress within Childcare. Some have stayed within the NHS and others have moved into Private Day Nurseries and other settings.

Lucy worked as a clinical apprentice and has recently applied for a Children's worker position still within the NHS working at Chilwell Sure Start Centre, which she successfully got.

Kirsty has also secured a position within the NHS and will be working as a Children's worker at Eastwood Sure Start Centre.

"Congratulations and well done to all of you – you should be so proud!" - **Nichola Mundry Training Assessor**
