Success starts with Access...

Double Success!

Both Susan Morrissey and Beverley Spacey have achieved their Health and Social Care NVQ Level 3 in just 4 months! They both work in a hostel for the homeless in Derby.

Susan was completely new to the concept of an NVQ and started the award nervous and unsure whether she would be able to manage the course work. As time went on Susan gained confidence and actually enjoyed doing the award.

Beverley was more experienced with the NVQ and had an idea of what to expect. She has been motivated and a great support to her colleague.

Both Bev and Sue have shown great commitment to the programme and worked exceptionally hard.

“My experience of doing the NVQ3 in Health & Social Care has been a good one. My Access Training support given by my assessor Sacha has been very good. She explained things well and gave us patience and help whenever we needed it. I am glad that I undertook this qualification and enjoyed doing it.”

“Doing this NVQ3 the support I had from Sacha was brilliant. She gave us such support, she was always patient and pleasant. I would recommend anyone to do this course. Thank you so much Sacha.” - **Susan Morrissey**
