## Success starts with Access...

Anthony started his NVQ level 2 in Health & Social Care back in 2008 and completed in just 4 months! He then went onto complete his NVQ level 3 and Technical Certificate in just 9 months! This is an amazing achievement. Anthony has been a very dedicated learner which reflects on his success.

*“Access Training has provided me with the opportunity to further my educational needs, there for enhancing my future career prospects. My assessor Sacha Lee has been invaluable and enabled me to achieve my goals. The experience has been a positive one and I look forward to the new challenges which lay ahead in my new job role.”*

With the new skills and qualifications that Anthony has now obtained he is due to embark on a new career move with more responsibility and scope in his chosen career. We, here at Access Training, would like to wish him well and every success in his new job role.
