

access training

Success starts with Access...

Emma Walker, a pupil from the Ash Lea Special School in Cotgrave, attended the Animal Care course run by Access Training at The Manor School finishing in May 2010. The course took place every Tuesday in the barn on the school site in Mansfield Woodhouse.

She has learnt how to clean out cages, complete health checks on animals and has especially enjoyed handling the rabbits. According to her TA at the school, the course “has been a huge learning curve for Emma. She has really enjoyed the practical side of the course, handling and caring for animals and she has always put in 100%”

As part of the course, Emma was involved in planning a trip to White Post Farm to study how a wider variety of animals are cared for.
