

access training

Success starts with Access...

Jane often works as a lone worker with people in their own home who need support. She is very skilled at building rapport and understanding the individual needs of those she supports. She has applied her knowledge and skills to the task of completing her NVQ Level 3 in Health & Social Care... and achieved her qualification in only 8 months!

Jane Watt

“Access Training has provided me with the opportunity to achieve my Level 3 therefore enhancing my future career prospects, and increasing my confidence. My assessor Alison Riggott has been very supportive and has helped me to achieve my goals. I am hoping to apply to go to university next year to start a degree course in nursing”

Access would like to congratulate Jane on her work and her achievement and wish her well in her future career.
