

# access training

## Success starts with Access...

Congratulations to Julie who has completed her NVQ3 in Health & Social Care in just 4 months!

Julie works as a housing support worker in the community and her job role is varied and often very demanding. She started off the NVQ a little concerned about the written work involved but soon got to understand the process and progressed at speed.

*"I have really enjoyed doing this NVQ as it makes you think about what you really do in your job role and the knowledge you have. Sacha has been very supportive and I have enjoyed the visits. I will in fact miss these sessions. One last thing I'd like to say is that if you and your tutor have a rapport then the NVQ really isn't a problem!"*

### **Sacha Lee Trainer Assessor:**

"She proved both her knowledge and performance in her job role and never hesitated to contact me if she wasn't sure what was expected with any of the work I had set. I have thoroughly enjoyed working with Julie. She has gained a qualification and I have gained a friend"
